

The Company Report

April 2018

Budapest Report

Budapest proved to be an amazing time of ministry. During the day Joe spoke at ICSB - International School of Budapest - for their spiritual emphasis week. At night Joe taught about our friend, the Holy Spirit, in a special event called Conference at Riverside Church. He ministered twelve times to 931 listeners. The greatest news is that 49 people responded to the Gospel and invited Jesus to be their Lord.

Met a wonderful missionary, Kay Farmer, from the West Florida District

Spoke two times per day at the school and once nightly at Riverside Church

Blessed to work with outstanding missionaries like NC's own Chris Oakley

Thank you for your support and prayers while in Europe

Special Thanks

JPM has not received an offering or an honorarium since March 18 (37 days as of this writing). During that same period of time Joe has averaged 52.75 hours per week working: volunteering, preaching, rehearsing in an evangelistic production called Jasper, counseling, underwriting the mission trip. This has happened because of the faithfulness of God and the support of this JPM Company. God has helped us steward over the investments that you have made. To Him be the Glory.

AREN'T YOU SOMEBODY

Joe sent out 19 handwritten letters to some friends. To date there have been 6 responses! We were trying to raise \$30,000 so that we could film in Thailand before the June, July, August rainy season. The six respondents invested \$3,950. Because of this response and some divinely inspired donations we were able to secure the deposit for a film maker. We will continue to raise funds and shoot for filming in October. Thank you for your prayers and support. If you know someone that might like to invest in a trafficking and evangelism project, point them to us. A website is under construction:
