Fall, 2015

"...in gratefulness!"

Dear Faithful Partners,

You pray, you give, you send! Your generosity enables me to help Colombians minister to several national ethnic groups and to develop educational materials for Latin America. Your faithfulness opens doors for me to mentor, give workshops, preach and teach throughout Latin America and the Caribbean. Your support helps me fulfill God's call. Thank you!

"...more opportunities!"

Steve and I mentored Pastor Miguel (in dark slacks) years ago. He ministers to the Wayúu people group in the Guajira desert of North East Colombia. But, in this picture he hosts Wiwa ethnic believers from the mountainous Sierra Nevada region who arrived asking for prayer and help.

14-17 DE SEPTIEMBRE DE 2015
SANTO DOMINGO, REP. DOMINICANA

Come with me to an Educators' Summit for AG Bible Schools of Latin America and Caribbean nations. The rented halls and auditoriums buzz with conversation as AG executives, Bible School leaders and teachers from various countries fellowship together. The schedule is intense with worship, conferences, and workshops. You'll bask in warm relationships, in fervent prayer and enthusiastic song and praise. We will network together and learn about new resources. My workshop participants are eager to

learn about the new Spanish "Faith & Action" textbooks and promise to use them to their full potential in their Bible School classes. National summits like the one pictured above, register from 200 to 250 educators. Next year, two international summits in Panama and Bolivia will each host over 400 AG leaders and Bible School teachers from Latin American and Caribbean countries.

On a personal note, I am well and continue Hep C free. Thanks for praying! Good health allows me to accept many international and local ministry invitations. The joy of the Lord is my daily strength! Again, thank you for your love and care.

Exalting Jesus together with you!

Judy Graner
