GOD IS SHUAR ?!

Clemente Ankuas
Shuar Chief of Las Cascadas

I met the man in this photo last week while doing a children's outreach in the remote village of Suwa. He had heard that we were coming, so he walked several hours from his village the day before, hoping to meet us.

Well, it wasn't really us he wanted to see. Word had traveled along the jungle trail about a little black box that talks Shuar. It's an audio new testament called a Proclaimer (*Faith Comes By Hearing*) and I had brought

an extra one in hopes of 'planting' it in a new village.

God speaks Shuar, he exclaimed, looking like a child on Christmas morning. Yes Clemente, God is Shuar! What an honor it was to share this special moment with him. Traditionally, the Shuar worship the waterfall as god, so when I tell them this is a message from God who made the waterfall - they get it!

With your help, more than 150 Shuar villages have already heard the good news of eternal hope! Village by village, we're going to keep at it until everyone has heard. **THANK YOU** for going with us!

Much appreciation to Moffett Road Assembly & Dothan First of Alabama, and all the teams who have come to help us build churches like this one. Your investment is unmeasurable.

The village of San Luis is so excited to have their very own church. We see some future world changers in this bunch!
