A Word from A. W. Tozer

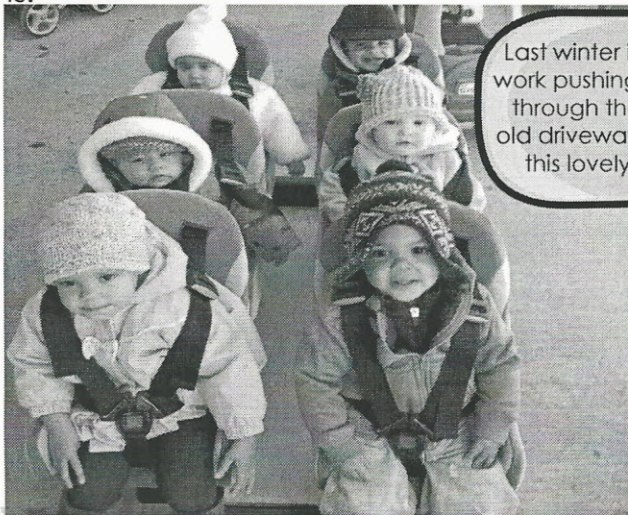

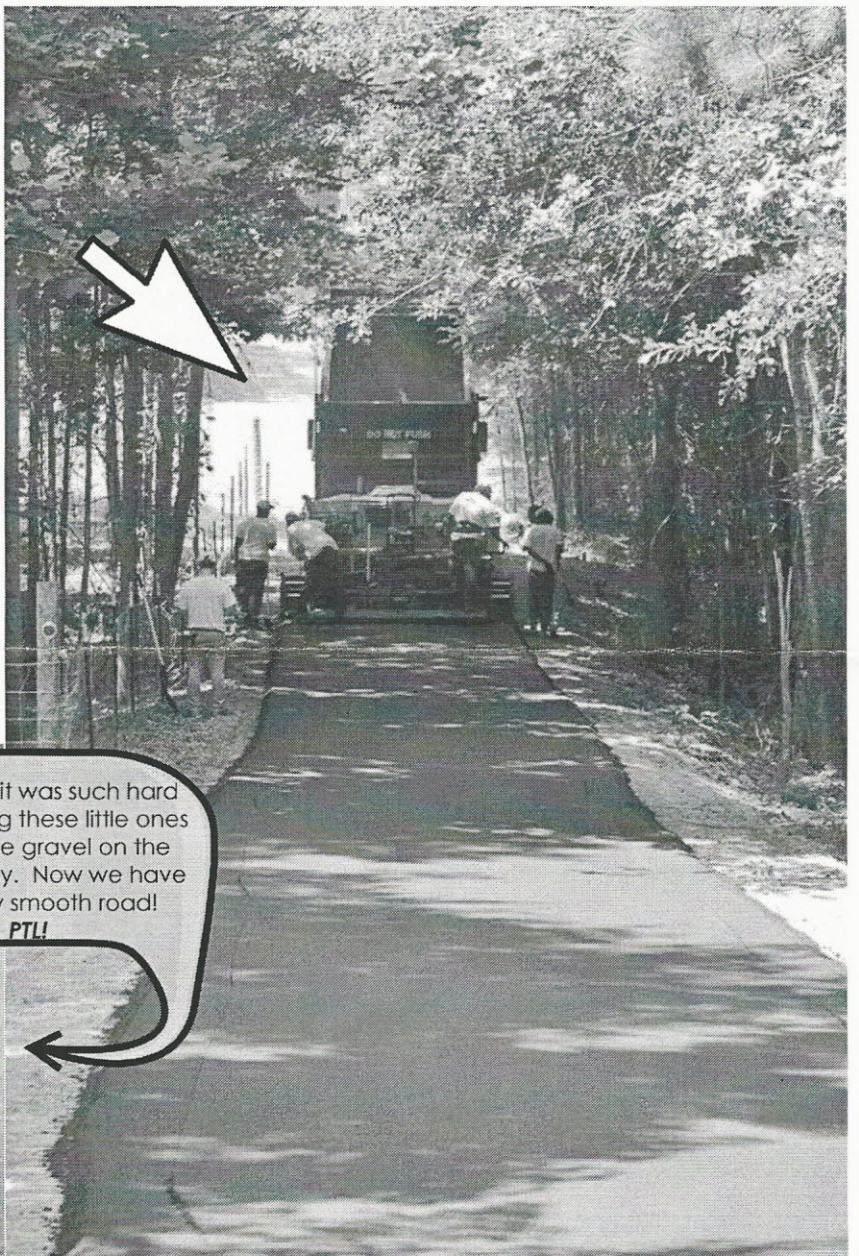

IF you want to know what God is like, read the story of Jesus Christ. However Jesus felt about anything, God feels the same. When Jesus picked up a baby and put his hands on its head to bless it, that's the way God feels about babies. But when they brought their children to him, the disciples said, "Take those kids away! This is a theological school, don't you know?! We are busy talking theology. Get those babies away!" But the Lord said, "Suffer little children and forbid them not, to come unto me: for of such is the kingdom of heaven." Matthew 19.14

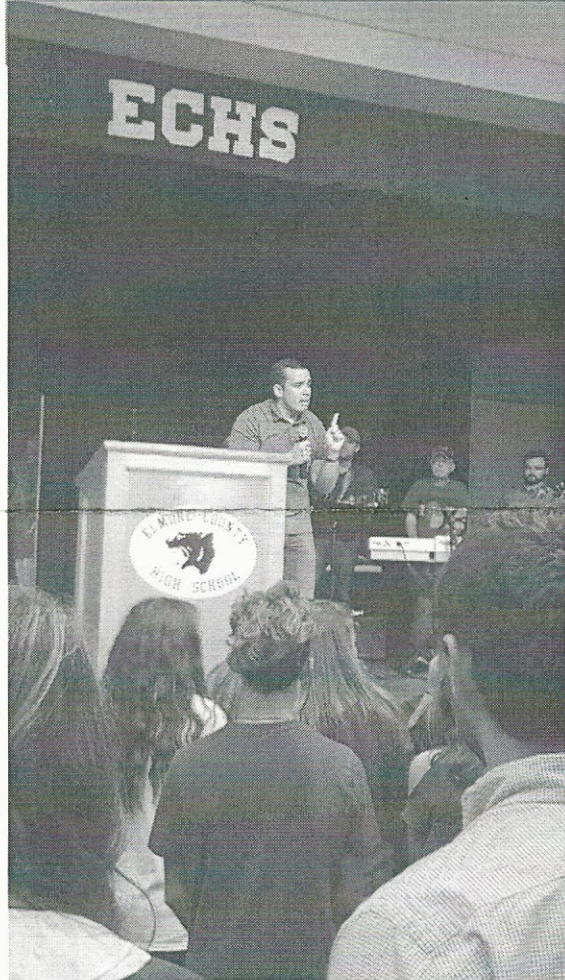

Carter checks out our newly blacktopped driveway. It was hard for all of the kids to wait even 24 hours to use their roller skates, rip sticks and skate boards to race around the property. They can now bike up and down the hills and our vehicles are greatly benefitting from the smooth terrain. Less dirt is being tracked into our buildings and—oh, I could go on and on. Just want to say **thank you, thank you, thank you, Mr. Brett**, and the amazing people who helped to make this happen!

See these hard working volunteers?

They are part of the *amazing team* who showed up this summer to pave the roads of Adullam House. Mr. Brett Peterson (Development Consultant for Chick-fil-a) became interested in the work of Adullam House earlier this year. He subsequently set in motion an enormous fundraising machine to pave the badly worn gravel roads that run in front of the Nursery and one of our dorms. These roads have needed a miracle for soooooo long. *Unless you have parked in our mud puddles, or tried to push the "wagon for six" (a stroller that holds six toddlers at a time) through a pile of gravel—you just can't appreciate what a **huge blessing** this is!*

Last winter it was such hard work pushing these little ones through the gravel on the old driveway. Now we have this lovely smooth road!

	Adullam House Fundraiser 8-7-17
	This summer my friends and I started a group message called Mermaid Unicorns. We decided to do a fundraiser for the Adullam House. So at my Mom's work Caroline and I sold lemonade and cookies and made \$45.00. - Elizabeth Ellis

Sometimes help comes in a big way, sometimes in the little things, *but little is much when God is in it!* We are so delighted when we see "little people" like Elizabeth and Caroline, (pictured left) who decided to do a lemonade sale to help Adullam House. **WAY TO GO GIRLS!!!**

This week was a very special week in the life of Adullam House. After our teachers had decided to walk through the school and pray in the early morning, engaging in *spiritual warfare* for the souls of our children, God intervened. Later that day I received some phone calls from Adullam House students. **"I have just given my heart to the Lord!"** I heard. **"God just really met with us,"** another blurted out, and **"wanted to say sorry for the way he had been thinking and acting."** Others came home totally transformed!

Much of this was a spill over effect from the wonderful youth rally that Mr. Jason Selman (our youth leader and basketball coach) and his wife Ruthanne, had organized and held at Elmore County High School. It had a profound effect on the lives of many of our youth. The impact of Adullam House Christian Academy cannot be understated. On October 5th we will be holding our **Third Annual Charity Golf Tournament**. Its purpose is to raise money to build the second wing of our school. Pray with us that God will prosper this event, and that teams and funds will be drawn to meet this great need! Visit www.adullamhouse.org/golf to learn more:

Praise Report!

Update on baby Ja'dah for those who have asked — As you can see below she is doing amazingly well. She is receiving regular therapy to stimulate those limbs and abilities that need lots of TLC. You can see her below, being encouraged to put some weight on her legs. She is now completely off of her oxygen, even at night time, **and is beginning to swallow a little food** although she still has her feeding tube. When she gets tired of therapy she just "checks out" - and has been known to snore loudly in a standing position!

How can we express our thanks for people like the team who came from Ireland for two weeks this summer. Mr. Gareth Hayes and his team worked miracles in our new office. This old, brown, entertainment center (below) was a donated item at our Thrift store. Mr. Gareth transformed it into a beautiful break area in the corner of our office! We thank God for people who are willing to donate their time and skills!

When you give to Adullam House you are helping to care for little girls like Journey, who has been with us since birth. (below)
