

MISSIONARIES

RON AND TERRI PITTS

April 20, 2018

Rev. Gregory D. Kelley, Pastor
First Assembly of God
135 Bell Road
Montgomery, AL 36117

Good Morning Greg,

I pray all is going well for you. I know it has been a long time since we were with you and our friends at First Assembly. Its been even longer since you were our girls' youth pastor! How the years fly-by. You have been so faithful and we just want you to know how much we appreciate you. Wish we could see you guys and thank you personally for your commitment to stand with us.

Let me share with you what is happening. Just recently, we finished the **Greek FireBible** and launched it with anxious leaders eager to receive it. With your help, several other new languages have been printed and are being used around the world. As we look into the months ahead we are planning to finish **FireBibles** in more languages like **Marathi, Ilocano and Croatian**.

As of today, we have completed more than fifty-five languages and editions of the **FireBible** along with journals and leadership resources for international ministry. Our translation and editing teams are working hard to finish these new editions but it is only possible through the gifts of special friends like you. For some, the **FireBible** contains the only concordance and commentary in their heart language. What's more, it is available to them from a Pentecostal perspective! Together we are making a significant impact on our world for Jesus!

Greg, we do not take your sacrifice for granted. Let me assure you that now more than ever **we need you to keep standing with us** through your prayers and with your finances. We could never adequately express our gratitude for all you have done for us, but please know, we deeply appreciate you and the amazing congregation of First Assembly of God. Thank you!

"May the Lord... increase you a thousand times and bless you as he has promised." Deuteronomy 1:11 (NIV)

Your World Missionaries,
Ron and Terri Pitts
