

What is KidCheck?

KidCheck is an enhancement of your childcare provider's security system that helps ensure no one can pick up your child without your consent.

As a KidCheck parent, much of your child's security is firmly in your hands. You will be able to securely create an account where you can keep your contact and your child's information current. In addition you'll be able to create a list of authorized guardians, upload photos, and even choose to receive notifications via text messaging when your child is checked-in or checked-out.

"It's so simple. I love being able to update information about my child from home, and have it go to both my daycare and my church."

Heidi
Seattle, WA

"I love getting a text message when my child gets dropped off at the daycare after school."

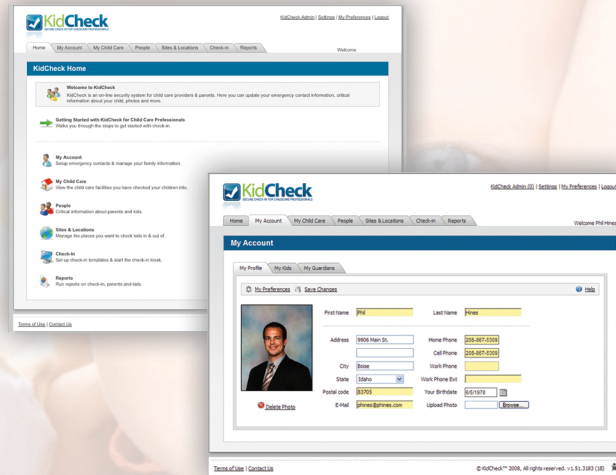

Camille
Yorba Linda, CA

✔ Authorized Guardian List

- Easily create and update a list of who can pick up your children.
- Upload photos for added security.

✔ Text Messaging

- Receive instant notifications when your child is checked-in or checked-out by an authorized guardian, or if there is an emergency.

✔ Built in Reporting

- Keep track of childcare time and verify billing from childcare providers.

✔ 100% Web-based

- Utilizing the flexibility of the internet, KidCheck allows you to access and modify your account from anywhere.

✔ Convenient

- Check-in takes less than 20 seconds.
- Use KidCheck anywhere you see the logo. Use the same account at the daycare, gym, and church.
- You're in control of your account information.

✔ Secure

- KidCheck uses the same technology that banks use to keep your information safe and we never ask for personal identification such as Social Security numbers, credit cards, or banking information.

✔ How do I sign up?

- Create your free KidCheck account at: www.kidcheck.com.
- Sign up is easy and only takes a few minutes.

✔ Help us make every childcare facility more safe.

- Tell your friends.
- Tell your other childcare providers about KidCheck.
