Leader Handbook

CONCEPT:

Sunday mornings are the next step in the discipleship of students at FBC Dover. The goal is to involve the students in basic Bible study and help them to develop a cohesive group relationship as a part of the body of Christ. It is targeted at students whose families consider FBC Dover their home church and saved students who attend FOCUS and have no other home church. In order to do this, we must

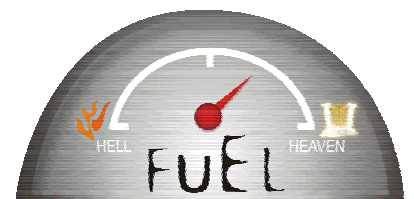

- ⇒ Keep track of who is coming
- ⇒ Take note of absences
- ⇒ Develop a relationship connection between church and student
- ⇒ Contact absentees
- ⇒ Individually challenge students to apply the Truths of Scripture to their lives
- ⇒ Provide leadership opportunities for students
- ⇒ Maintain a safe, orderly environment conducive to effectively reaching the teenage culture of Dover

Taking this a step further, in order to foster viable discipleship accountability and encourage not only students, but their families as well to become involved in activities and church services, we must

- ⇒ Keep accurate contact information on the attending students**
- ⇒ Coordinate with the appropriate adult Sunday School classes**
- ⇒ Contact the families of those attending who are not church members**
- ⇒ Ensure that students and families receive information about relevant upcoming events**
- ⇒ Be in regular prayer concerning these outreach efforts**

This is where fuel leaders come in to play. Through following the job description and making the personal commitment both outlined in this guide, the stage is set to meet the above objectives through our diligence, it is my prayer that the Lord will bless our efforts by growing the youth ministry in both spiritual maturity and physical growth.
