Seven Hundred Fifteen New Jersey residents died on 9-11-2001.

“Early on the morning of September 11, 2001, 19 hijackers took control of four commercial airliners en route to San Francisco and Los Angeles after takeoff from Boston, Newark, and Washington, D.C. Planes with long flights were intentionally selected for hijacking because they would be heavily fueled. At 8:46 a.m., five hijackers crashed American Airlines Flight 11 into the World Trade Center's North Tower (1 WTC) and at 9:03 a.m. another five hijackers crashed United Airlines Flight 175 into the South Tower (2 WTC).”

“Five hijackers flew American Airlines Flight 77 into the Pentagon at 9:37 a.m. A fourth flight, under the control of four hijackers, crashed United Airlines Flight 93 near Shanksville, Pennsylvania at 10:03 a.m. after the passengers fought the hijackers. Flight 93's ultimate target is believed to have been either the Capitol or the White House. Flight 93's cockpit voice recorder revealed crew and passengers attempted to seize control of the plane from the hijackers after learning through phone calls that similarly hijacked planes had been crashed into buildings that morning. Once it became evident to the hijackers that the passengers might regain control of the plane, one hijacker ordered another to roll the plane and intentionally crash it. Soon afterward, Flight 93 crashed into a field near Shanksville.”

“There were a total of 2,996 deaths, including the 19 hijackers and 2,977 victims. The victims included 246 on the four planes (from which there were no survivors), 2,606 in New York City in the towers and on the ground, and 125 at the Pentagon. All the deaths in the attacks were civilians, except for 55 military personnel killed at the Pentagon.”

“A total of 411 emergency workers who responded to the scene died as they tried to rescue people and fight fires. The New York City Fire Department (FDNY) lost 341 firefighters and 2 paramedics. The New York City Police Department (NYPD) lost 23 officers. The Port Authority Police Department lost 37 officers. Eight emergency medical technicians (EMTs) and paramedics from private emergency medical services units were killed.”

“After New York, New Jersey lost the most state citizens, with the city of Hoboken sustaining the most deaths. More than 70 countries lost citizens in the attacks on the World Trade Center.”
