

Silver & Gold Section Guidelines

Silver and Gold sections are designed as extra work to keep the clubbers busy and motivated if they are finishing their books.

They are not designed to replace working in the main sections of the book. Clubbers who are not finishing a book a year should put a priority on finishing the book and then going back to do Silver & Gold sections if there is still time at the end of the year.

Here are the rules of Awana Clubs International:

1. **Silver & Gold** sections should only be done by clubbers who are finishing a book a year and have extra time to do the **S&G**.
2. Up to the point the clubbers are in their handbook, **S&G** sections can be done in any order. (Example: A clubber just finishes Discover 4:1. Any Silver or Gold Sections before Discovery 4 can be done but any Silver or Gold after Discovery 4 cannot be done by that clubber yet.)
3. **Silver** sections should be done before **Gold** sections. The **Silver** achievement award must be earned before the **Gold**. There is one achievement award for doing *all* the **Silver** sections and one achievement award for doing *all* the **Gold** sections.

Here at FBC Vilonia:

1. IF a clubber is finishing one Discovery or Challenge every 3 weeks, (averaging 3 or more sections a week) they should do at least the Silver Section between each group of 8 sections. *(It is easier to do the review Silver right after learning the verses than to wait until the end of the year to do them.)*
2. ALL Silver sections earn 3X (three times) the Awana shares & contest points of a regular section.
3. ON THE BACK of this sheet is the Awana Share Value (& Contest Point Value) of each Gold Section.
 - a. Most Gold Sections have the same value (1X) as a regular section. Some of those take a little more time to accomplish, but Gold Sections are extra credit work.
 - b. Special Gold Section values are given when a large number of verses must be recited or a reading is to be done over a 30 day period.
