Reclaiming lost territory...

We, as people, have a symbiotic relationship with our planet. If we care for it, it cares for us. If we neglect and abuse it, it cannot sustain us as it was designed to do.

- My relationship with the earth is a justice issue.

BIG Idea: We are by design and the intention of our Creator, the caretakers of the earth. As Children of God, we are responsible to respond to every area where creation is groaning, whether in nature or in humanity.

GOD'S Story – Justice & Creation Care, Genesis 2:15

1. We are the Caretakers, Genesis 2:15

2. Creation Eagerly Awaits the Children of God, Romans 8:19-24a

3. Renewal & Restoration are Coming!, Matthew 19:28; Acts 3:19-21

4. New Heaven & New Earth—The Home of Righteousness/Justice, 2 Peter 3:13

We want learn to live in ways that promote the well-being of all creation, taking no more than we need, enjoying and celebrating God's good Earth—this bountiful, beautiful place he has given us which we call home.

Colossians 1:19-22

Right On!
