Class Descriptions

Basic Training for Following Jesus: This class will teach you how you can have confidence that God really exists and that the Bible is really from Him, as well as basic spiritual disciplines for following Jesus. It will be offered at two different times— Sunday mornings and Monday evenings. (Taught by Pastor Terry Stark)

Beginning Sign Language: Class participants will learn the alphabet (called fingerspelling) and some basic signs for common words and a few religious terms. A recommended sign language book and a few handouts will be the prime materials used with the class instruction. Some information on deafness and deaf culture will also be shared. Class size is limited. (Taught by Eloise Gardner)

Financial Peace University: This is a 9-week course taught by Dave Ramsey via DVD that will change your life! Learn how to get out of debt, put together a monthly spending plan, know which insurances to buy and which to avoid, buy/sell real estate, make good investment choices, and much more! The first night of class is a free preview, so come to check it out! (Led by Todd and Melissa Chingway, Russ and Tracy Taylor, and Vern Shelton)

Generous Justice: Using Timothy Keller's book *Generous Justice: How God's Grace Makes Us Just*, students will explore the connection between Christians receiving God's grace and how that should lead them to impact the world around them. They will also experience some of the local organizations who are already making a difference in our community. This class will be a great springboard for all who seek to show God's mercy to the world! (Taught by Karen Kennedy)

Walk Through the Old Testament: Have you ever had trouble putting the Old and New Testaments together? Would you like a way to think through the Old Testament chronologically and geographically? Would you like to explore the covenants of the Bible? This course provides a way to do all this! The most common comment about this course is, "I have never learned so much about the Bible in such a short space of time!" (Taught by Carol Koundakjian)
