CHURCH LIFE

A.P. NOTES *(an update from our Associate Pastor)*

"God gave us memories that we might have roses in December." ~ Sir James Barrie

Part of growing in Christ is making memories in community. Since the start of the year, the young adults have undertaken primary responsibility for planning their own recreational activities. In this way, they have some control over the shared memories that bond them together. This adds a sense of ownership and responsibility to what they do.

On Sunday February 23, a group of young adults got together to get their hearts pumping with an exciting game of ultimate frisbee. For those who are not aware, this is similar to football, except with a frisbee instead of a ball. For some, it was their first time sharing a social activity with the group. At the end, everyone expressed how much fun they had getting to know each other outside of church. They are now eagerly looking forward to a round of golf and an overnight camp out which will be our next activities.

Be sure to join us on March 15th as the YAMs will once again be leading out in our worship service. Come and see just how much sharing the ministry of the gospel means to this energetic group of young leaders. *(More pictures on page 4.)*

HEALTHY BYTES

Plants That Detox Your Home

The modern home is often a toxic environment, from the building materials to our cleaning products. Indoor air is up to 4 times more polluted than outdoors. The EPA ranks indoor air pollution in the top-five biggest threats to our health. A natural way to "detox" your home is with house plants. House plants can reduce the level of toxins present in the home by 50-70% making the air you breathe at home user friendly!

Here are 6 plants that are high on the "Natural Air Cleaning Plants" list:

- 1) **Bamboo Palm** (cleans formaldehyde and is a natural humidifier)
- 2) **Snakes Plant** (cleans out nitrogen oxides and formaldehyde)
- 3) **Areca Palm** (one of the best air purifying plants for general air cleanliness)
- 4) **Spider Plant** (cleans out carbon monoxide, toxins/impurities, best at removing formaldehyde from the air)
- 5) **Peace Lily** ("clean-all" plant, mould spores, formaldehyde, trichloroethylene)
- 6) **Gerbera Daisy** (cleans benzene, absorbs carbon dioxide and gives off more oxygen over night)

Improve your health and your environment with beautiful plants for your home.

NEW CLASS STARTING

Either way, when you behold the unexpected rescue of God's children, you will be amazed at His love – and at His passion for His children! This new class starts in the Café next Sabbath at 10:00 a.m. at the first table. Surprised By Love workbook, by Elizabeth Talbot, is the basis for this class.

THE LAST WORD*Jesus Calling*

Continue on this path with Me, enjoying My Presence even in adversity. I am always before you, as well as alongside you. See Me beckoning to you: Come! Follow Me. The One who goes ahead of you, opening up the way, is the same One who stays close and never lets go of your hand. I am not subject to limitations of time or space. I am everywhere at every time, ceaselessly working on your behalf. That is why your best efforts are trusting Me and living close to Me.

Therefore he is able to save completely those who come to God through him, because he always lives to intercede for them. — Hebrews 7:25

Trust in the Lord and do good; dwell in the land and enjoy safe pasture. Delight yourself in the Lord and he will give you the desires of your heart.

— Psalm 37:3-4
