

Sharon Morr – Making a Difference

Sharon Morr – Chair of HC3, Chair of the Tobacco Task Force, Alcohol and Marijuana Task Force Member, and community leader!

Tell me a little bit about yourself.

My husband, Don & I live in Delta. We've been married 45 years. We attend St. Caspar's Parish in Wauseon where we are actively involved. I am also involved with several other organizations in Fulton County including Fulton County Aging Consortium, Hands of Grace, Delta Chamber of Commerce, Fulton County Heart Radiothon, Family & Children First Council of Fulton County, Fulton County Safe Communities, and Fulton County Partners for Health. As Director of Health Promotion at the Fulton County Health Center, I also provide various health screenings and educational programs for both the community & corporate clients in the area.

What do you do in relation to the coalition?

I've been a member since the beginning when it was Partnership for a Drug-Free Fulton County. I served as Chair and then vice-chair when we became HC3. I also currently chair the Tobacco Task Force. I've been involved in Tobacco Cessation/prevention for 30 years. I'm also a member of the alcohol & marijuana task force.

Why you are involved in our coalition?

I find it very rewarding to help someone quit tobacco and though my experience is largely in tobacco, many of the risky behaviors for all drugs are similar. There is a great need to address all of these behaviors with our youth in a comprehensive manner. I hope our coalition work will be able to help our youth lead healthy and productive lives that will enhance the quality of life in Fulton County.

What motivated you to get involved?

Through the years of working with tobacco addiction, I've seen the impact of unhealthy choices made in our youth. Tobacco users that I have worked with all wish they had NEVER started. I want that message to get to our kids. It's the same for other drugs as well.

Sharon Morr, an active community leader, has been making a difference in Fulton County for more than 30 years!
