Wauseon Community Conversation

February 29th, 2016

Thanks to the over 130 parents and community adults who joined us for the important conversation about youth substance use. This event offered, “What we are seeing on the streets of Fulton County,” presented by Fulton County Sheriff’s Office and the Multi Agency Narcotics (M.A.N.) Unit Officers. This event also featured a Question and Answer session with the Wauseon Community Panel created from local community members, both professionals and affected individuals, to talk about preventing youth substance use. Toni Schindler, Director of Marketing for Fulton County Commissioners, shared these powerful words with the event attendees. “Tonight is about education. It’s about knowledge and it’s about power. It’s about knowing that you CAN make a difference in your children’s life. It’s about knowing the resources that are available in our community. It’s about knowing warning signs and consequences. It’s about knowing the good, the bad and the ugly. It’s about tragedy, and success. It’s about hard work and communication. It’s about intention and it’s about hope.”
