

I would like to sponsor a student at the Matigsalug Bible Institute.

I want to invest:

- \$200 for one full school year annually.
- \$400 for one full school year for 2 students.
- \$17 monthly for one full year for 1 student.
- \$34 monthly for one full year for 2 students.
- One time gift of \$ \_\_\_\_\_

Founded by the General Baptists in 1978, the Matigsalug Bible Institute in Mindanao, Philippines has been training pastors and Christian workers for ministry in the tribal areas of Mindanao. The staff members, the students, and their families live in community and are growing in their Christian walk. Many great steps have been made to make the school less dependent and more self-sufficient by planting rice fields and raising tilapia. Students are sponsored for \$200 for 1 year.

Students are required to perform a 2 month practicum each year. For these two months they are assigned to their own district. Upon graduation they are free to be hired by their local churches to become full-time pastors.

The purpose of the Matigsalug Bible Institute is to train Christian workers for General Baptist Churches in the tribal area. MBI makes available theological training for Christian workers at an entry level for those who have not completed high school. When young men and women enroll at MBI, they are trained not only how to preach, but how to work as well. They are assigned duties on the property such as farming or facilities maintenance to subsidize their costs.
