Have You Completed Your Parent Survey?

We are in the process of completing our accreditation renewal this school year. As part of that process a Parent/Guardian Survey was sent home this week with your child.

Please take just a few moments and complete the survey. We value your opinions about Gloria Dei Academy, and your thought and ideas are an important part of our school improvement plans. Please complete the survey as soon as possible and return it to the box outside of Wendy's office. Your responses are completely anonymous so please be honest.

It is always our goal to continue improving the way we care for and teach your child. Please give us your feedback and participate! Thank you.

DID YOU KNOW????

Your child is part of the “Care by Prayer” Program of Gloria Dei Lutheran Church!

The academy is an important part of our church's ministry. What better gift can we give to our students than to bring them before the Lord in prayer? Book marks were made containing a special prayer for our students and their families and one was printed with the name of each child enrolled in our school. Members of the congregation have selected a book mark and have committed to praying for that student every day throughout the 2020-2021 school year. We are happy to say that ALL of our students currently enrolled have a Gloria Dei congregation member praying for them and for their families.

KIDFIT/DANCERCIZE

Beginning in October we will be offering the ***KIDFIT/DANCERCIZE*** class for both the Three Year Old Preschool students and the VPK students. There will be a brand new program for the VPK, as most of them had the class last year.

Due to the CDC guidelines: The classes will be held in each classroom, so depending on how many sign up, there will be a session in your child's classroom.

The instruction will be 45 min and will be every Tues or Thurs from 3:00 -3:45pm. The cost will be \$36 per month for 4 classes per month. This exciting and fun program is for both **boys and girls!**

KIDFIT/DANCERCIZE programs build your child's strength and balance, aerobic conditioning, self-confidence, body control and self-discipline. They also enhance poise, good manners, rhythmic awareness, creative expression, and contribute to correct body alignment and tension release. The program assures that your child is participating in a well-rounded professional training program developed specifically for his/her age group.

Forms to sign up for the classes will be coming home soon!
