## WE WELCOME YOU!

There are many good reasons for coming to church, but we hope that your joining us this morning includes the best reason: to thank and worship God for His amazing love revealed in the birth, life, and ministry, the suffering and death, and the wondrous resurrection of our Lord Jesus Christ! This is what our church is all about! If you are visiting today, please fill out a guest card and bring it to our Welcome Center in the foyer and receive a free gift. Thank you ... and visit us again!

---

The mission of our church is to prayerfully  
prepare believers for worshiping God, serving  
Christ, loving one another, and  
reaching out to others!

**FATHER'S DAY...DID YOU KNOW?** In 1924 President Calvin Coolidge proclaimed the third Sunday in June as Father's Day." The idea for creating such a day began in Spokane, Washington, back in 1909! Sonora Smart Dodd thought of the idea while listening to a Mother's Day sermon. She had been raised by her selfless father after her mother had died. Her father's birthday was in June, so she chose to hold the first Father's Day celebration in Spokane on June 19, 1910.

### **This Week in Church History...**

On June 17, 1963, the U.S. Supreme Court ruled that classroom prayer and Bible reading in the public schools was unconstitutional. (...And you **know** the "rest of the story!")

### **THOUGHT FOR THE WEEK...**

*"Saving grace makes a man as willing to leave his lusts as a slave is willing to leave his galley, or a prisoner his dungeon, or a thief his bolts, or a beggar his rags."*

*~ Thomas Brooks*

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 13.5 million (1990-2000).

There are a number of reasons why the number of people aged 65 and over has increased. One of the main reasons is that people are living longer. The life expectancy at birth in the UK has increased from 72 years in 1950 to 78 years in 2000. This means that people are spending more of their lives in old age.

Another reason why the number of people aged 65 and over has increased is that people are having children later in life. This means that there are more people in the population who are aged 65 and over.

There are a number of challenges facing the UK in the 21st century. One of the main challenges is how to meet the needs of an ageing population. This is a challenge because the number of people aged 65 and over is increasing rapidly.

There are a number of ways in which the UK can meet the needs of an ageing population. One way is to provide better care for the elderly. This can be done by increasing the number of care homes and by providing better services for people living in their own homes.

Another way to meet the needs of an ageing population is to encourage people to work longer. This can be done by providing better training and opportunities for older workers.

There are a number of other ways in which the UK can meet the needs of an ageing population. These include providing better housing, better transport, and better access to services.

The UK government has a number of policies in place to meet the needs of an ageing population. These include the National Care Standards Act, the Health and Social Care Act, and the Pension Credit Act.
