

Part of the mission of Grace Church is to "Make Christ Known". Do you feel as though your relationship to God has grown since coming to Grace Church?

- TOTALLY !
- I have learned so much more about God, Faith, and Worship since coming to Grace Church than in all my years attending other churches.
- The sermons stay with us all week and we reference them frequently. Also making a conscious effort to slow down and reflect more on how to bring Christ into our daily lives.
- The description of God's love has changed dramatically for me and my family we feel closer in a POSITIVE way We are more sure he is everywhere
- It is the ONLY place I have experienced what I have been searching for.
- No question about it. As a Catholic I never read the bible, never spoke of Jesus in the manner in which I now feel comfortable. I have come to know Him as my friend.
- My Life has completely changed since coming to Grace. My relationship with God is closer and my faith is stronger than I could have imagined 10 years ago...
- I have become closer to God and believe he hears me now. He answers me too!
- We feel the presence of the Lord whenever we step into Grace church.

What do you like most about coming to Grace Church?

- Thought provoking, relevant sermons. Small, intimate gathering makes you feel more involved.
- Grace Church feels like family. I like the intimacy and familiarity. I also feel like the pastors are talking to me, not at me. I also learn a tremendous amount from each Sermon, regardless of who is speaking. Lastly, I thoroughly appreciate the sincerity and passion brought to the service by the pastors, EVERY Sunday.
- The people. The explanation of scripture and its connection to life in the modern world.
- Everything - the beautiful chapel, service, the members who welcome everyone, the music is unbelievable and how comfortable we feel when we are at mass. We now look forward to going to church instead of it being just a routine as we were brought up. We love the podcasts and download them onto our ipods. This is perfect for when we are away or want to listen to a sermon a second time. There is so much offered that it helps to listen again!
- The beauty and the people
- Everything
- The cozy welcoming atmosphere. The music; How the liturgy is presented; We have learned a great deal How our faith/thoughts are challenged; The wonderful example a husband and wife pastor give of real life experiences.
- The Sermon, the fellowship and the food.
- The fellowship
- Intimate and peaceful feeling
- The acceptance of all people. You are part of a family when you are part of Grace Church.
- Love and concern for all members.
- Everything, homilies, Mass, community
- The muffins.....just kidding. The people and the fellowship.
