

## *Prayer Requests from the Frazers:*

- For the students they will minister to this summer: that they will make wise decisions, and that they would continue to pursue and obey the LORD
- For the students who are attending summer training programs: for exponential growth in their relationship with Jesus and their skills in laboring for His Kingdom
- For God to use the Drew & Stacy to impact the nations as they direct the Global Student Project (GSP) training program in Colorado Springs this year.
- That this summer would even have an impact on Dax's heart for the nations as he sees people of different colors and languages.
- For the 35 or so students attending the GSP: that they will make wise decisions, and that they would continue to pursue and obey the LORD
- For the students attending GSP who are coming from overseas: pray they will be accepted as they apply for visas, pray for safety as they travel, and that they will feel loved while they are in America. (There are students/staff coming from America, Australia, Africa, Europe, South America)
