

True Greatness

By Justin Francis

Chorus:

That you'd love us so much to die in our place
And give us the chance of knowing such grace
Because of this great and inseparable love
We're conquerors with Him who reigns above.

Verse 1:

As I approach Your throne
My heart in reverence cries
And in my brokenness so low
You make this vessel rise.

True greatness showed the world
A servant's heart and life laid down for all.

Verse 2:

Open my eyes to see
myself I must deny
Transform my heart oh God
To be like Jesus Christ

True greatness showed the world
A servant's heart and life laid down for all.
