

From the Pastor

Sunday School is a vital part of church life here at Grandview for a number of reasons. First, it is the place that we can grow in the wisdom and knowledge of the Word of God. Second, Sunday School is the foundation of discipleship development in the believer's life. Finally, it is the place where connections are made with others and relationships are formed that will last a life time. With our new curriculum, "Explore the Bible" I believe that all of these areas will be met in our lives. I would like to take this opportunity to encourage you to be a part of the upcoming Sunday School year. May God bless our efforts to make disciples in the upcoming year.

Bro. Mike

WHY IS SUNDAY SCHOOL IMPORTANT?

- *Sunday School improves your Bible knowledge
- *Provides opportunity for Spiritual Growth
- *Provides a place to Belong
- *Builds Meaningful Relationships
- *Provides opportunities to Serve and Minister
- *Sunday School is for the Whole Family

Ladies	117
Men's	119

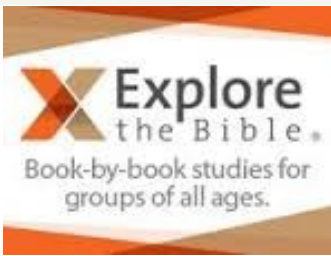

What is in you will come out so... Let the Word dwell in you.

Bible Study for all ages; Bed Babies to Senior Adults

*Coming This Fall
Beginning September 7*

*Sunday School Small Group Bible Study
Sunday Mornings - 9:30 A.M.*

Let the Word dwell in you. What dwells in you controls you. What you think about, hear, read, and watch—good or bad, you soak

these things up like a sponge. It is essential, then, to let the living Word of God be what dwells in you. For every Christian, a deep knowledge of the Word helps make the difference between a shallow faith and a life of trust and obedience. This intimacy with the Word develops as we dedicate our lives to reading and studying it personally, in community with others, and regularly examining how it should impact us every day.

Explore the Bible is a book by book Bible study for Sunday School classes of all ages that takes participants deep into the context of God's Word and challenges them to live it out in their own context. This is the first study to join every age group in book by book Bible study. For churches that want to align all ages in study, **Explore the Bible** allows adults and students to study the same passage while kids study the same book and concepts incorporating narrative elements from throughout the Bible as necessary, to make challenging concepts more kid-friendly.

With **Explore the Bible**, groups of all ages can expect to engage Scripture in its proper context and be better prepared to live it out in their own context. These studies will help participants grow in their love for Scripture, gain new knowledge about what the Bible teaches, develop biblical disciplines, and internalize the Word in a way that transforms their lives

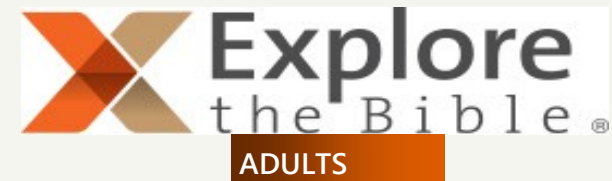

Explore the Bible; Kids is a brand new, book by book study for kids that takes babies through preteens on a journey into Scripture where they'll see the Bible in a way that will make them want to dig deep—building a foundation for life transformation. It uses object-based learning to help kids dig deep! Check out how the ark stacks up to other famous ships. Experience the gigantic size of Goliath compared to...your own dad. Kids explore the people, places, and objects of the Bible in Historical context and compare them to modern-day life. With **Explore the Bible**, kids aren't just learning the Bible; they're experiencing it! A family memory verse helps the family dwell on each session's concept.

Explore the Bible; Students is a book by book study designed to equip students to study the Bible personally. Each session is uniquely crafted to help students dwell in the Word and apply it to their daily lives. The studies are driven by books of the Bible so that students learn the importance of studying the scripture in context. Through guided exploration of God's Word students are equipped to study the Bible personally. Each session helps students understand what the Bible says and how it should impact their daily lives. Students will make a connection between the truth of God's Word and the action steps necessary to put what they learned into practice.

Explore the Bible; Young Adults provides a deep Bible study experience in a flexible, discussion driven format. These studies will help college students and young adults dig deep into scripture and challenge them to live it out in their own context. Groups understand the passage within the framework of the Bible book and how it relates to the whole Bible. Each session leads to application so that each person is moved toward being transformed into the likeness of Christ.

Explore the Bible; Adults is a book by book group Bible study that encourages participants to let the Word dwell in them and challenges them to live it out in their own context. Each study is developed to help groups understand the Bible passage within its larger biblical context through engaging questions, in depth biblical exposition and commentary and a reading plan for each book to help adults develop personal discipline in reading God's Word. Every session participants will be challenged to practice God's truth in everyday life.
