

Dear Parents,

This website was created to help you learn more about our Mother's Day Out and Preschool Program. I hope it will help you to see how you and our staff can work together for the total development of your child.

Our purpose is to provide quality child care and to meet the educational needs of early childhood in a safe Christian environment. We want children to experience God's love as they interact with a caring and nurturing staff. The world of the child will expand to include friends in the community as well as in the church.

We recognize that parents are their child's primary teachers and it is our desire to assist parents in this role of training through a Christian program. We value the involvement of parents and appreciate your cooperation. It is important that you communicate with your child's teacher, discuss needs and concerns, and share the joys. School then becomes a shared experience which hopefully will continue throughout each child's educational process.

If at any time during the year I can be of assistance to you or your child, please don't hesitate to call.

Sincerely,

*Lana Crawford*
