ACADEMIC TRAINING AND EDUCATION

Nova Southeastern University – PhD, 1991, Clinical Psychology

Dissertation – “Problem Solving Performance in Patients with Lateralized Frontal Lobe Lesions Secondary to Traumatic Brain Injury.”

Fairleigh Dickinson University – MA, 1983, School Psychology

Master’s Thesis – “Role of Text Comprehension During Encoding: A second look at methodology.”

Millersville University of Pennsylvania – BA, 1980, Psychology

RESIDENCY AND FELLOWSHIPS

Hahnemann Medical Center – Post-Doctoral Fellowship, 1994, Neuropsychology

Wilford Hall Medical Center, USAF – Residency, 1990, Clinical Psychology

Licensed Clinical Psychologist, Virginia Board of Psychology, current

American Board Professional Psychology – Rehabilitation Psychology, 1999, renewed yearly

Fairleigh Dickinson University – School Psychology Certification, 1984

CURRENT EMPLOYMENT

Position: Neuropsychologist (Private Practice)

Location: 780 Lynnhaven Parkway, Suite 340
Virginia Beach, VA 23452

Dates: Sept. 2014 - Present

PREVIOUS EMPLOYMENT (Last five years)

Position: Associate, Subject Matter Expert, PH/TBI within the DoD

Location: Booz Allen Hamilton
One Preserve Parkway, Suite 200
Rockville, MD 20852

Dates: December 2013 – May 2014

Duties/Responsibilities: Subject Matter Expert on a pilot implementation of Screening, Brief Intervention, and Referral to Treatment (SBIRT) with the Defense Center of Excellence (DCoE).

Position: Neuropsychologist, DoD/PHS Behavioral Health Initiative, O-5

Location: Naval Medical Center Portsmouth
Psychology Department/Mental Health Directorate
620 John Paul Jones Circle, Building 3, Third Floor
Portsmouth, VA 23708

Dates: October 2009 to November 2013

Duties/Responsibilities: “Applies outpatient psychological and neuropsychological procedures and techniques, including interviewing, behavioral assessment, cognitive-behavioral therapy, and psychological testing/ psychodiagnostic testing, in the evaluation, diagnosis, and treatment of psychological and neuropsychological disorders. Consults with medical personnel, legal authorities, and military commanders, as required. Maintain accurate and current notes in both the Department of Psychology records and patient medical records of all patients seen, as appropriate. Participate in monthly peer reviews. Attend and participate in meetings during duty hours and professional staff conferences and other appropriate professional activities.”

Major Accomplishments:

2011-2012

- Promoted to **Assistant Department Head** of the Navy’s largest and most dynamic Psychology Department (August, 2012- present) supervising **60 individuals, in 5 divisions** (Adult Outpatient, Child, Health, Neuropsychology, Psychodiagnostic), at **four geographically separate clinics**.
- Increased neuropsychological services via telehealth to both Camp Lejeune and Cherry Point Marine Bases in North Carolina saving the Navy over \$79,000 and greatly expediting the medical management of these service members.
- Manage a budget of over \$1.7 million in Wounded Ill & Injured, Operational Contingency, TBI, and Psychological Health, and base funds.

- Secured new spaces and staff to expand neuropsychological services to wounded warriors, and to expand the psychology training programs.
- Provided briefings on Operation Stress and Suicide Risk assessment to all of the NMCP Hospital Staff.

2010-2011

- **Head of Neuropsychology Service** – Supervise two neuropsychologists (GS-13), and six neuropsychometrists (GS-9), and two administrative assistants.
- As **Clinical Program Director** since January 2011 in the Brain Trauma Recovery Intervention Program, directed a multidisciplinary team of rehabilitative specialists to provide care to patients with a history of mild to moderate brain injuries.
- Transformed and expanded a neuropsychology clinic from an assessment-only clinic, to a program that now offers rehabilitative services to both individuals and families. Designed and implemented program innovations, secured highly sought after space and resources, resulting in up to 400 additional patient encounters each month and improved patient satisfaction.
- Member of NMCP Clinical Psychology Internship and Post-doctoral Residency training faculty program since 2008, providing more critically needed clinical psychologists.
- Expert panel member played a key role in the development of a Navy-wide case management database and tracking system that ensures continuity of care worldwide.
- Directed the successful implementation of the United States Navy's First and only Mobile Assessment Unit providing desperately needed neuropsychological services to DOD installations.
- Created Video Telehealth Consultative Services at NMCP to expand clinical support services across Navy Medicine East.

2009-2010

- Assistant Director of Clinical Psychology/ Naval Medical Center Portsmouth, 07/2010 – 10/2010. Oversee an active outpatient department of psychology to include 17 doctoral level providers, 6 Master's Psychometricians, 8-10 support staff. Authorizing Official for departmental purchases and budgetary management.
- Promoted Head of TBI and Related Disorders Clinic/Naval Medical Center Portsmouth, VA 10/2009 –Present. Supervised 2-3 clinical psychologist conducting (GS-13) half day TBI evaluations. Team Leader for a multi-disciplinary meeting discussing cases and program development.
- Lead the design and acquisition of a 40 Ft mobile assessment vehicle, at the cost of \$300,000, to increase accessibility of TBI assessment services military bases beyond the immediate service area.
- Served on a Blue Ribbon Inspection Panel of Camp Lejeune's Directorate of Mental Health Service.
- First author of a chapter on ADHD and Learning Disorders, in the book, "Military Neuropsychology."

- Co-authored a peer-reviewed journal article, on the Specialty practice in rehabilitation psychology.
- Invited presentation at the Macklin Symposium on the TBI and related disorders clinic at NMCP, Portsmouth, VA.
- Ethics Presentation at 118th Annual APA Conference in San Diego, CA.

SPECIAL CAREER ASSIGNMENTS

- From August, 2010 to January, 2011, I completed 120 hours per month TAD to NHCL Camp Lejeune to provide desperately needed Neuropsychological Services and assist with the reorganization of their TBI program. This assignment saved the Naval Hospital Camp Lejeune approximately \$150K+ in contractual salary.
- Interim Head of Neuropsychology Service at NHCL supervising 2 neuropsychometrists (GS-9). Service provides outpatient neuropsychological evaluations for military personnel.

LEADERSHIP AND EXPERIENCE

- **Inpatient Director of Neuropsychology and Rehabilitation Psychology**
VCU/MCV Medical Center, Richmond, VA, 8/2008 – 12/1997. Supervisor over another Neuropsychologist and a master's level Counselor on an inpatient neurohabilitative unit in a Trauma I Center, providing care to Brain Injured, Spinal Cord Injury, and General Rehabilitation adult patients.
- **Private Neuropsychology Practice**, Clinical Associates of Tidewater, Newport News, VA.
- **Private Neuropsychology Practice**, Behavioral Medicine Institute, Newport News, VA.
- **Consulting Clinical Neuropsychologist**, Riverside Regional Medical Center, Newport News, VA.
- **Clinical Neuropsychologist**, Riverside Rehabilitation Institute, Newport News, VA.
- **Chief of Psychological Services, Captain, United States Air Force**, Biological Sciences Corp., 1st Medical Group/ 1st Fighter Wing, Langley Mental Health Clinic/MGHMH, Langley AFB, VA, 8/1990 – 8/1993.
