## **New Website Coming Soon!**

We are redesigning our website at Harvest Christian fellowship and we want to include a photo gallery. Only one or two people will have access to these photos and we will take appropriate precautions before we post them on the internet.

We are including a link below that HCF members can view and upload photos to. All you need to do is navigate to the url, click the browse button and select the file(s) you want to send. Once you do that the photos will be uploaded to a google drive account so they can be accessed. Here is the url: <https://sendtomycloud.com/hcf>

We encourage everyone to send in photos. The more we have to choose from the easier it will be to set up our gallery.

It would be helpful if you are uploading a bunch of photos that you rename the files to something meaningful. An example filename would be *hcf-fall-festival-2015* as opposed to something random like *K154\_876*.

By submitting your photos you are giving us authority to use them on our website.
