Heartsong Small Group Library Guide

Heartsong Church has implemented a Small Group Library consisting of books, VHS tapes, DVD/CD media, and cassette tapes. This library can be used as a tool for small group leaders to browse for subject matter that will be relative to them in leading their small group in various studies.

HOW TO CHECK OUT ITEMS

- Each item is assigned an **INDEX Number**
 - o Line 1 is the **INDEX Number** -- (114.1)
 - o Line 2 contains the authors name -- (Davis, Deena)
 - o Line 3 contains 2-3 words from the title of the book -- (101 Best)
 - o Line 4 shows the type of media -- (Softback)

- Items are sorted on the shelves according to the **INDEX number**. So when you find an item (using the Library printout or the online library) that will suite your needs, you need to make a note of the **INDEX number**. Then you just have to find where in the library that number lives. This makes it easy to find what you need since all the items are sorted by the **INDEX number** and not alphabetically!

- To check out an item, you must use a **PLACEHOLDER** that will be stacked near the shelves. The **PLACEHOLDER** will show who checked out the item, which item they checked out, the date they checked the item out, plus other information. **The PLACEHOLDER is necessary so that a record of who has the item will be available; if someone else is looking to check out that item, they can check back or contact that person to see when they may be ready to return the item.**
 - o Fill out the information on the **PLACEHOLDER**, remove the item and put the **PLACEHOLDER** in its place. When you return the item, remove the **PLACEHOLDER**, **replace the item**, and mark a line through the item you replaced and put the **PLACEHOLDER** back in the stack. *Its as simple as that!*
