

## This Train is Bound for Glory...

*For the earnest expectation of the creation eagerly waits for the revealing of the sons of God. Romans 8:19*

Recently I read a very brief summary of church history that I'll quote. "The last few hundred years has seen numerous expressions of spiritual breakthrough that changed every following generation.

God used Martin Luther with a breakthrough anointing to re-establish the reality that the just shall live by faith. Following Luther, John Wesley and others advanced further with the message of sanctification and a breakthrough anointing that altered present understanding of the Christian life. We then experienced another breakthrough during the days of William J. Seymour and the Azusa Street outpouring; following that came yet another during the days of William Branham and the Latter Rain outpouring. Presently, we stand on the brink of the most significant breakthrough of all leading to the manifestation of a body of believers who function as sons and daughters of God and do the works that He did." I will only add that history is truly *His-story*; the unfolding of His glory and we are coming ever closer to the glorious situation called the manifestation of the sons of God.
