Recommended Books on Prayer

The marketplace offers an enormous number of books and guides on the single subject of prayer. Some are well intentioned, but lack biblical structure or even adequate reference to Scripture. Others offer a feel-good fuzziness without providing a sense of God's presence in prayer. The attempt with the following recommendations is to move past those books that are only superficial in presentation and to suggest some that help to enhance your prayer life and provide a more complete understanding of prayer-related subjects. The list is nowhere near complete and is only a partial list of those I have personally read. I encourage the sharing from others of book titles regarding prayer that have been read and found to be informative from a biblical perspective. – *David Gillis*

Intercessory Prayer

- ❖ "Seasons of Intercession" – Frank Damazio
- ❖ "The Ministry of Intercessory Prayer" – Andrew Murray
- ❖ "Prophetic Intercession" – Barbara Wentroble
- ❖ "Intercessory Prayer" – Dutch Sheets

Focusing on Effective Prayer

- ❖ "On Prayer" – J. Vernon McGee
- ❖ "Becoming a Prayer Warrior" – Elizabeth Alves
- ❖ "Beyond the Veil" – Alice Smith
