

THE VOICE OF IMMANUEL

February 2018

We just finish with the Christmas season and we move to the second great season of our culture – tax season! We spread it out over a couple of months. Many are happy that all of the income taxes are not due the same day – not the least of whom are the tax preparers. Planning ahead is a good thing, but most of us procrastinate as long as possible. Pre-planning becomes reality when you are sitting in front of the forms. “Should I claim that as an expense? Should I put it on a depreciation schedule?”

Taxes are how we support our country. Contributions are how we support our church’s ministry. We are thankful that currently, our contributions are tax-deductible. But is that the motivation? Stewardship is how we make our decision. Contribution is how we act on our decision. Does the Bible say anything about that, or are we simply left to our own discretion?

Let’s take a look at some key passages. **Deuteronomy 26:1-2** When you come into the land that the LORD your God is giving you for an inheritance and have taken possession of it and live in it, you shall take some of the first of all the fruit of the ground, which you harvest from your land that the LORD your God is giving you, and you shall put it in a basket, and you shall go to the place that the LORD your God will choose, to make his name to dwell there. *(What if our contribution came from the top, rather than what was left?)* **Leviticus 23:22** And when you reap the harvest of your land, you shall not reap your field right up to its edge, nor shall you gather the gleanings after your harvest. You shall leave them for the poor and for the sojourner: I am the LORD your God. *(What if the end rows were given to the Lord?)* **Malachi 3:10** Bring the full tithe into the storehouse, that there may be food in my house. And thereby put me to the test, says the LORD of hosts, if I will not open the windows of heaven for you and

pour down for you a blessing until there is no more need. *(Can we be more generous than God?)*

But we are New Testament people. How about these verses? **2 Corinthians 8:3-5** For [the Macedonians] gave according to their means, as I can testify, and beyond their means, of their own accord, begging us earnestly for the favor of taking part in the relief of the saints – and this, not as we expected, but they gave themselves first to the Lord and then by the will of God to us. *(Our contributions are in relation to our faith in God.)* **2 Corinthians 9:6-7** The point is this: whoever sows sparingly will also reap sparingly, and whoever sows bountifully will also reap bountifully. Each one must give as he has decided in his heart, not reluctantly or under compulsion, for God loves a cheerful giver. *(There is a real joy in giving.)*

A number of years ago, Thrivent Financial for Lutherans developed a simple guide for family budgets. It reflects “first fruits giving.” It began like this:

INCOME PER MONTH (Salary, interest, dividends, etc) is the Total Gross Income
 LESS: 1. Charitable Giving (church and community)
 2. Tax
 Equals NET SPENDABLE INCOME

When the Bible talks about a tithe, it means 10% of one’s income. First fruits is from the beginning. “Not under compulsion” means we live by Grace, not by the Law. Here is my challenge. For one month, try this kind of biblical stewardship. We can find all kinds of “buts.” “But which line on the Form 1040 do I use?” “But my income is not the same every month.” “But I have to take care of the great aunt of my mother’s cousin’s best friend.” ☺☺☺☺

Try it out. Let me know what you think. It will bring joy.

February – Women and Heart Disease

“Guard your heart above all else, for it determines the course of your life.” Proverbs 4:23 NLT

There is a misconception that cancer is the greatest health risk for women, especially breast cancer. In reality, heart disease kills more women than all forms of cancer put together. Minority women have the highest death rate from heart disease while the entire gender has a higher death rate from stroke than men. Part of the problem is that heart disease is displayed differently in women than in men so it becomes difficult to recognize in women if the observer doesn't know the difference in symptoms.

The classic symptoms for heart attack are severe chest pain, a squeezing sensation in the chest lasting 5-10 minutes, pain radiating down the left arm or profuse sweating. Up to 50% of women who suffer heart attacks have symptoms that are considered atypical. These include shortness of breath, indigestion, pain in the jaw, shoulder, or back, sudden nausea or vomiting, unexplained fatigue, fainting, or even dizziness. Anytime a female experiences these symptoms, she should seek medical attention by calling 911. Even a slight hesitation could lead to severe consequences if she is having a cardiac episode.

Plaque buildup can be different in women also. In men it tends to be clumpy and irregular which responds well to angioplasty and stents that flatten out the plaque. In some women, plaque forms an even layer on the vessel lining which means drug therapy works better than angioplasty. Women also respond to aspirin differently. In women, it seems more effective in preventing stroke while in men it is more effective for heart attack prevention. For a woman, the most important thing

to do is talk to her physician. She should discuss her health history and determine potential risks for heart disease. The next step would be to create a plan to change or impact those risks and follow the doctor's instructions. Women are the same but different. It is important to find out individual needs and then address them.

(Source: www.mayoclinic.com)

“His heart is secure, he will have no fear; in the end he will look in triumph on his foes.”
Psalm 112:8 NIV

To decrease your risk for heart disease it is important to maintain a healthy weight and to promote good circulation. Exercise can do that and should be a part of your daily life. The optimum amount of exercise is 30-60 minutes of moderate exercise most days of the week. If it is difficult to carve out that much time, break it down into 10-15 minute sessions to get the same benefit. The most economical exercise is walking since the only cost is a good pair of walking shoes. Set a course that gets the blood pumping and offers you a contemplative setting. This will strengthen your heart and relax your mind. If you work better with support, find a walking buddy to keep you on track for a healthy heart.

WEDNESDAY BIBLE STUDY

The Men’s Wednesday morning 6:00 a.m. Bible Study will resume on February 7th.

CALL THE PASTORS

You may be sure of this: Your pastors are willing to come to the hospital or your home, the jail, the street corner, or anywhere at any hour of the day or night when they are needed. Call them if you need them. Otherwise they will not know of your need until it is too late. Do not trust the grapevine to get the message to them. “Everyone already knows” is seldom true and the messages coming through the grapevine are often incorrect. Call the pastors. It is better that they receive the same message several times than to not know of the need at all.
