Welcome Strangers

Share as a Lifestyle

Serve as an Identity

At Christmas we tend to emphasize material gifts. What did your gift giving list look like this year? Have you ever thought to include things that don't carry a price tag? Hospitality? Sharing? Serving? Other non-material gifts? Non-material gifts like listening or friendship tend to be more powerful, profound, impacting and human. This is how we are able to reach out and touch each other.

This week make a non-material gift list to give throughout 2015 using the form on the back. Who's in your life who needs care this year? Below are the gifts from the outline to get you started, or dream of some other non-material gift ideas. Keep it posted in an obvious place. Try to give one gift every week or two. Keep track of your progress. Make notes about the impact of the gifts.

Assistance
