

*celebrate.
celebrate.
celebrate.*

This is a week to reflect and celebrate. It's a week to remember the faithfulness of God in our church and in our lives. He is faithful in good times and bad. It's a week to praise Him for his forgiveness, love and power over the last nine years.

day 1: where were you ten years ago?

read

READ Psalm 126:1-3.

reflect

FIND some pictures from ten years ago.

What was different in your life during February 2000?

Were you a follower of Jesus?

Was your family different? If so, how?

What were some of the struggles and victories God brought you through in the last decade?

pray

WRITE a note to God thanking him for His faithfulness in your life over the past ten years.

PRAY daily for the DECADES Project. **PRAY** for people as they're praying about the commitments God wants them to make.

days 2 - 5: read and pray these psalms of celebration

Day 2: **READ** Psalm 97:1-13

Day 3: **READ** Psalm 95:1-8

Day 4: **READ** Psalm 89:1-8

Day 5: **READ** Psalm 150:1-6

write

WRITE and **SEND** a note to someone who's been key in your journey over the last ten years -- a friend, small group leader, teacher or some other person. Tell him/her what he/she means to you and thank him/her for walking with you on this journey.

time capsule

As part of the DECADES Project, we're creating a ten-year time capsule and asking people to **WRITE** a short message to our church community in ten years. Try to answer the question:

What's your dream for the next ten years?

This may be a personal dream. A dream for the young. Maybe a dream for our church as a whole. The notes will need to be written with special pens and paper that will be provided at church, so they will need to be short - about 250 words. **SPEND** some time this week writing your note.

Have you been to a DECADES presentation yet?

What's keeping you from attending a DECADES gathering?
