We can't wait to introduce you to our fantastic equine program partners and help you learn to communicate with them.

For the eighth year, Jeremiah's Crossing volunteer training will feature natural horsemanship training demonstrations, hands-on instruction, and question and answer time. PATH Certified instructors, Roger and Kathleen Harris will share with all of us a plan for handling our horses that will help the horses be healthier and happier members of our lesson team, and will also make volunteering easier and more enjoyable for you. In addition, Jeremiah's Crossing staff will review safety procedures and volunteer expectations and introduce Parelli-style handling techniques.

Within the warmth of my horse's
breath, I will find the air I need to
live today, I will find the wind to
fly to the heights of my dreams
and within I will find the one I am
meant to be.

-Roberta E. Strom

Please plan to attend the appropriate session indicated above. Each has been designed to take your volunteer experience at Jeremiah's Crossing to the next level. If you are a Rookie at Jeremiah's Crossing, but have horse experience, you must attend the Rookie session. However, we invite you to attend an additional session as well. Please contact the ranch for more information regarding which additional class would be best for you.
