

LIFE MISSION:

I exist to **worship** God, **love** my wife and Kids, and **tell** everyone I can about Jesus' saving grace. (Sample)

My Life Mission:

CORE VALUES:

Things I will stand for and be recognized by.

(Samples)

Be a man of character. I will do what is right, as defined by God, regardless of the cost. *(Psalm 15)*

Practice the spiritual disciplines on a daily basis. Always seek the Holy Spirits leading. *(John 14:26)*

Be held accountable by other Godly men and seek counsel frequently and thoughtfully. *(Proverbs 27:17; 15:22)*

Everything I have is Gods. I will give an increasing portion of all God has given me to manage here on earth to the church 1st and then other worthy causes. *(Acts 20:35)*

My marriage will be an example of that laid out in Scripture. I will be a one-woman man, seeking the growth of my wife. I will assist her in the duties of our household, date her regularly and be a spiritual leader. *(Ephesians 5:25)*

I will share Jesus with people in my center of influence and I will seek mission opportunities outside my center of influence to help fulfill the great commission. *(Matthew 28:19-20)*

My Core Values:

YEARLY GOALS:

If appropriate, choose a focus area for your year.

INSTRUCTIONS:

Category: Chose some areas in your life that need focus this year: evangelism, family, health, financial, work, church, serving, etc. You choose; just make sure there is some balance.

Specific GOALS: Make your goals SMART.

- **Specific** (State exactly what you want to accomplish)
- **Measurable** (How will you know you met the goal?)
- **Attainable** (Challenging, yet not unrealistic)
- **Relevant** (Does this goal align with your life mission and values?)
- **Time bound** (what is the deadline? Example – “by Nov. 30th” or “Every week”)

Scoring: Don't wait until the end of the year to see how you are doing. Invite accountability and track your progress throughout the year.

- **Q1** = January – March; **Q2** = April – June; **Q3** = July – September; **Q4** = October – December
- **1** = completed goal; **.5** = partially completed; **0** = not completed
