“WORSHIP: A LIFESTYLE EXPERIENCE”

CLASS SYLLABUS

CLASS INSTRUCTOR:

Minister Annie L. Hicks

Home: (517) 253-7480

Text: (517) 204-0793

Email: anniehicks@kmin.org

If you have any questions or concerns, please feel free to talk to me.

PURPOSE:

This course is designed to clarify principles and practices for the development of a worship lifestyle. The practical value of this course is to enhance private worship by understanding the foundation of worship as the kind God desires as found in scripture and the empowerment to experience corporate worship as an authentic Christian entering God’s presence to give Him praise.

LEARNING OBJECTIVES:

To be able to demonstrate understanding of the elements involved in worship as a lifestyle and to apply it to your personal discipline

TRANSFERABLE SKILLS:

1. To be able to communicate your thoughts effectively
2. To improve discipline in the acquisition of resources for learning
3. To be confident in application of various practices to obtain a set goal
4. To evidence ability to gather information presented in various avenues that complement your best learning style
5. To interact effectively with others while staying on task

MY ROLE:

1. To present clear objectives for each class
2. To create learning tasks which will aid you in understanding concepts and scriptures
3. To maintain an atmosphere that encourages inquiry and discussion in a way that is safe for all participants

4. To provide constructive feedback, encouragement and prayer

FORMAT: This course is lecture-based and involves student participation. There will be audio/visual presentations, handouts, activities, small group discussions, follow-up home activities and weekly memory verses

PRAYER FOCUS:

To have our spiritual eyes opened to understanding God's glorious worth; to seek His wisdom and dwell in the Word for a revelation of what God desires when worshiping; to have a passionate heart and thirst to pursue God to give Him our best worship

EXPECTATIONS:

1. Our time together is very limited, and it is essential that class starts on time each day. Please settle in a few minutes early; if you find that you need time to "center down" and prepare to be attentive
2. Honestly answer questions as an authentic individual in the small groups
3. Be an active participant by taking notes and attentive listening
4. If you find that you do not understand something or are struggling with concepts, please contact the teacher or pastors of the church
5. If you miss a class, review the handouts in preparations for the next class or access the information on the church's website www.kminfo.org
6. Be open, teachable, and willing to pursue spiritual growth
7. Be thoughtful and courteous to the opinions and ideas of others when they are sharing
8. Have your bible available

FINAL THOUGHTS:

Thank you for your presence in this class! I hope you will find our time together to be interesting, challenging, inspirational and enlightening. I look forward to an enjoyable, exciting and anointed class, working together, teaching one another, praying for one another and learning from one another.
