The Lord's Prayer is the most well-known and often recited prayer of all time. However, what most people don't realize is that Jesus didn't give His followers this prayer to ritualistically repeat word for word but to provide them with a pattern to help them learn how to pray in their own words. This beloved prayer was originally intended as an outline to stir and shape our prayers. This sermon series by Ken Ramey provides a closer look at each phrase of The Lord's Prayer and explains the essential elements of an intimate, powerful prayer life.
