### Featured Book Of The Month

*Desiring God* is a paradigm-shattering work that dramatically alters common perspectives on relating to God. Piper reveals that there really is no need to choose between duty and delight in the Christian life. In fact, for the follower of Jesus, delight is the duty as Christ is most magnified in His people when they are most satisfied in Him.

Constantly drawing on Scripture to build his case, Piper shows why pursuing maximum joy is essential to glorifying God. He discusses the implications of this for conversion, worship, love, Scripture, prayer, money, marriage, missions, and suffering.

Piper beckons us to approach God with the hedonist's abandon. Finally, we are freed to enjoy Jesus—not only as our Lord and Savior, but also as our all-surpassing, soul-satisfying Treasure.

Adoring Christ and becoming like Him is the most fundamental and crucial aspect of the human life. We long for love, beauty, power, security, and fame because these things describe God, who is majestic and beautiful. And He has designed humanity in His image to participate in His glorious likeness.

In *Adoring Christ: Beholding God's Beauty and Becoming Like Him*, author Kori de Leon discusses how adoring Christ sets our hearts free from self focus and pursuing glory in the wrong way so we can see the grandeur of God and participate in His glory the right way. Covering a wide range of topics like loveliness, dignity, and spiritual vitality this book specifically geared for women concludes each of its twelve chapters with a section designed to help readers actively engage with the truths presented in the book.
