

Facilities Usage Fee Schedule
For Profit Organizations
Effective June 2006

Lakewood United Methodist Church is pleased to offer limited usage of its beautiful facilities to our members and others within the community on a space-available basis, and according to the attached guidelines. For the purpose of determining fees, "members" of the church are defined as those who have been active congregants of Lakewood United Methodist Church for at least six months at the time at which the reservation is made. Respecting the ongoing financial stewardship of our members, the fees asked of non-members will reflect their status as guests of the congregation who are not expected to be among its regular contributors.
