

Wedding & Reception Fee Schedule

Effective August 2010

Within the Christian church, the celebration of marriage is first and foremost a worship experience of the community of faith. For this reason, members of the church are defined as the bride or groom, or the parents or grandparents of either, who have been active members of Lakewood United Methodist Church for at least six months at the time at which the wedding reservation is made. Non-members who are interested in celebrating their wedding within a Christian context and along the guidelines of our church's wedding policy are also welcome at Lakewood and we hope that they may find here a resource for their life together both before and after the actual ceremony. Respecting the ongoing financial stewardship of our members, however, the fees asked of non-members desiring to be wed at Lakewood will reflect their status as guests of the congregation who are not expected to be among its regular contributors.
