

We Three McGees

wethreemcgees.blogspot.com

"Each of you should use whatever gift you have received to serve others, as faithful stewards of God's grace in its various forms." 1 Peter 4:10

Prayer needs

Pray that the local pastors and missionaries will stay strong with their mission of taking God's word to the indigenous tribes deep in the jungle.

Pray that the Oasis Youth Center can be used to reach the youth here in Nauta and God will raise up young leaders to carry God's word to youth in the jungle.

Pray for financial gifting and that the funds can be raised for the Oasis Youth Center, language school, and increased monthly funding

Bringing Hope to a Hidden World

Building the church in Bolivar

It's exciting to see what God is doing in Bolivar with the construction of this church building. It's been fun to team up with brothers in Christ from other churches to help with construction. Pastor Silverio is so excited to have a place to meet, teach, & worship with his congregation

The goal is the journey

The goal is the journey. I was told this recently by one of my mentors. Lets think about that **THE GOAL IS THE JOURNEY**. That is so counterintuitive to this worlds way of thinking that I had to spend a few minutes thinking about it before I even really started to understand it. If I I'm understanding this the way I think God wants me to understand it; it means I can relax and enjoy my journey with God. I've already reached the goal, now I get to just relax and partake in the journey. Wow, once again I'm shown it really is simple but our broken world just doesn't want me to see it. This means I have to model Christ's love and grace in a different way. This is starting to paint a whole different picture of missionaries from what most people might think of. I have to show them this in my actions and that's not always easy to do. Which takes me right back to my opening statement of the goal is the journey and all I need to do is be showing people the hope we have in joining this journey.

Next Steps

We now have a great opportunity to go to a language school for one month. We have prayed about it and feel this is a crucial next step for us.

It will start on November 16th. The cost for flights, lodging and schooling will be around \$3000.00. So please pray and ask God if this is an area where he would like you to join us.

Jungle News

The return to Peru after our visit to the states was good and we hit the ground running with the first project on the list being getting the Junglemaster mission house to a more completed stage. Many of our brothers and sisters in Christ are now beginning to use the house as a stopping point as they travel through on their way into and out of Iquitos. It has also been used as a jumping off point for a few American missionaries as they travel upriver. And, many of the local pastors like to stop in and talk, pray with us, or sing some worship songs. This has been our hope and prayer for this house. Because of the support you have given; it has become a place for many to see God's love and grace.

Another project that has started to develop is sending the pastors and leaders that Junglemaster Ministries has been working with to a seminary school here in Nauta. This seminary school has been specifically formed to work with village pastors and leaders. Currently we have 1 pastor and 2 leaders from up river taking classes and will start 4 more next year. They are excited and have told me that they have been praying to receive more continual biblical training and this opportunity is a great answer to prayer. Praise God. Through the years you all have supported Junglemaster's mission to train the local leaders and with your continued support we can provide more extensive training for these pastors.

As most of you know almost as soon as we moved here a bar opened up across the street and this meant extremely loud music, fighting on the sidewalk in front of our house, and yes, sometimes even vomiting, and it usually wouldn't stop until early morning. Well, after lots of prayers; Junglemaster is actually renting this building and currently Amy and Carmen are turning it into a youth center. Our purpose is to reach the youth in Nauta, and that God will raise up young local missionaries. The name of the bar was Oasis so we decided to stick with the name and call it the Oasis Youth Center or OYC for short.

In other news...

Our family is still adjusting to life here in Peru. I'd be lying if I said it was easy; but, God is ever faithful and His word and love helps us everyday. Amy was asked to speak at a family enrichment class and was able to share some of God's design for motherhood and families. Carmen is settling in to life and making friends. She has started to play soccer and is enjoying the experience. We are looking forward to having our family, Wes, Toni, and Gilli, come for Christmas!
