Safe Sanctuary Litany

Gracious God, we come to you as your children and we thank you for our children and youth whom you have given to us.

One of our greatest privileges in life is to nurture and guide our children and youth with Christian teachings and principles.

Today, we thank you for all gathered here, who love our children and youth. Guide us now in our time together as we read, listen, pray and learn.

Bless everyone here as we learn together your will for each individual and for the ministries with our children and youth.

In Jesus' name we pray, Amen.
