

Parents -

I can't even begin to explain how excited I am to be serving the Kids Ministry of Life180. We are going to be having a blast while building upon the foundation of God's love for His children.

I want for your kids to grow vertically and horizontally; no, I don't mean physically. What I mean is that I want your kids to build up their relationship with God (vertical) and build up their relationships with the others (horizontal). I am excited to see this play out the rest of the year, as we will be learning about the love of God and what that means for our lives. Don't worry parents; you get to join in on the fun as well!

The next reason why I am so excited to start this new journey is because I want YOU to be a huge part in your child's growth this year! I want for you to see and grow with your kids in all areas of life this year. A couple tools we will be giving you are

- Questions to go over with your kids each week about what they have been learning;
- And upcoming events and times where we can get together and find out the beauty of "doing life" as a family.

I can't wait to get together with you all and I will see you on Sunday!

Keep taking the next step!!
