

Pressing In

The Next Step...

Specific Needs & Prayer Requests:

Finances- We have a 30 day plan to make some drastic cuts and changes so that the ministry can continue to serve women and children at our weekly support groups. We don't want to make these cuts but we know that continuing the mission until funding is secured is what's needed.

Awareness- We desperately need awareness in our community to individuals, churches and community groups. Please consider hosting an informational dessert at your home or at our new transitional home. You can also attend one of our open houses this summer and bring a friend or help us get the word out.

OPEN HOUSE: 4326 116th St NE,
Marysville, WA 98271
9am-12noon

July 16th, August 13th, or September 10th.
***Please park across the street at Marshall
Elementary School

Prayer- Our staff and Board will intentionally be spending time in prayer and fasting throughout the next 30 days; praying for the future of Life House and our clients. Please feel free to join us.

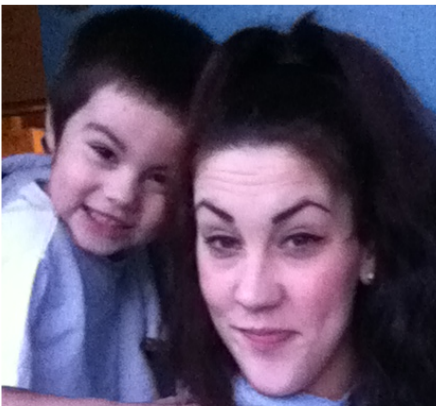

Thank you for your continued support and prayers. Please feel free to contact me with any questions.

Life House Ministries is 15 months old and we have worked hard to establish viable programming, a cohesive board, passionate staff and volunteers, and a vast network of churches, donors and organizations that believe and support our mission. Everything is in place: people, programs, clients and now a home, but we are at a point of serious financial need in order to keep things going. This is a tough season for Life House Ministries as we try to financially sustain some pretty incredible programs and services for our clients.

At Life House we meet women whose burdens are heavy, and they are fighting the paralyzing fear that tries to grip them. Their lives sure don't make sense on paper and in reality they can't make it financially, yet I see most of them running towards hope! Sometimes hope is all they have.

As I sit across from these women offering practical solutions, I see the similarity that I face with the reality of our great financial need. I fight the temptation of letting fear grip me with what could happen and I run towards hope, knowing my strength is in Christ alone and that Life House really belongs to Him. With this hope we are pushing through as a staff and board to find more funding, build awareness and make Life House Ministries sustainable. I am petitioning you to stand with us in prayer, especially the next 30 days. I am asking our faithful friends to consider ways you can fill the gap financially and help us network with those that can also support financially or can help bring awareness about Life House Ministries.

Blessings,
Michelle Chisholm

Ministry Update- we have been working with Samantha in our Solid Families program since April, and recently she has accepted Christ as her savior. She is excited for this new journey in her life and desires to be discipled. She is a young single mother of two boys, 4 yr. & 1 yr. old, and as of the end of last month she is now able to pay her rent & bills without our assistance. She even saved enough to purchase a car. Samantha has had a rough life growing up, losing her mother at a very young age and then her father passing away when she was 13 years old. Samantha was able to live with older siblings, but soon found herself homeless and pregnant. This is Samantha's first apartment and car. She has come a long ways and by the grace of God she will continue to grow in Him.

It starts in your own...

Backyard Missions 12

Join the mission field in *your own backyard* and be part of the 12!

You don't always need to travel out of the country to be a missionary and impact people for Christ. Join Backyard Missions 12 and you will make a direct relational impact in **your very own community!**

Why 12? If we had just 12 local groups or churches each adopt 1 month in the year to dedicate to the needs and services of Life House Ministries, then “The Church” would come alive and ministry would be multiplied as well as help carry the burden for hurting women and children. In turn, Life House would continue to be a safe and reliable resource for the community! ***Together- we can make a difference!***

***We make it easy for your church or community group to volunteer for a variety of tasks, events and tangible needs. You pick the schedule that works best for you!**

Go to www.lifehousewa.org and click on the **Backyard Missions 12** tab. Scroll through the calendar and select a month where you'll see an array of activities to choose from! **Everything you need to organize your group's event is at your fingertips!**

Depending on the size of your group, you can choose all of them or a couple of them- you decide! You can also like our page on FB!

<https://www.facebook.com/backyardmissions12>

Some of the events/ tasks available are: hosting a diaper drive, decorate a room in our new transitional home, provide a meal for our Monday night support group meeting just to name a few!
