Men's Christmas Party

Often when we wake up and go to work we often think we are simply trying to make a living; to put food on the table, keep a roof over our heads and maybe have some money left over to enjoy life. While we may not even know it, we actually have far more purpose for heading out daily to work. For example, you hopefully have a job that displays your natural skills and abilities which adds to your self-worth that makes you say "hey, I'm really good at this!" In addition to the hours you spend at work, you also to leave an impression on those you are in contact with during that time. You go to work for multiple purposes or dimensions all at one moment.

In everything we do God has a greater purpose. You may have a handful of good reasons to get married or engage an act of service. However, God always has a deeper and greater purpose that is at work in our lives. We must live attuned to the Spirit of God living within every believer. His Spirit gives life to our mortal bodies to empower us to accomplish more than we've ever dreamed. By aligning with His leading for our everyday life through simple trust to seize every opportunity God brings our way to change the world!

"And the Father who knows all hearts knows what the Spirit is saying, for the Spirit pleads for us believers in harmony with God's own will"
- Romans 8:27
