

...the difference
between misery and
relief, disease and
health, pain
and the healing of
body and soul!

Medical Servants International is led by these Directors:

John Geigert, Ph.D. is President and graduated with a Ph.D. degree in organic/analytical chemistry from Colorado State University. He has over 35 years of experience within the pharmaceutical industry. For more than 10 years John has led and participated in short-term medical mission trips.

Jane E. Anderson, M.D., FACP, FAAP is Vice-President and graduated with an M.D. degree from the Medical School of the University of California, Los Angeles. She completed her pediatric residency at Stanford University and has practiced pediatric medicine for 33 years at the University of California, San Francisco where she is Clinical Professor of Pediatrics. For more than 10 years Dr. Anderson has participated in short-term medical mission trips.

Dawn Marie Elders, M.S.N., NP-C, PHN is Secretary and earned her Masters Degree in science/nursing from the University of San Diego. She has over 20 years of experience in nursing--12 of those years as a board certified nurse practitioner. She has worked in public health, internal medicine and oncology. She also has more than 10 years of experience in leading short-term medical mission trips.

Waiting for the clinic gates to open.

NOW

In their world
you will make
the difference...

Challenging, enlightening, humbling medical missions . . . No service is more satisfying!

Our simple and poignant mission is to share God's love internationally by partnering in-country with Christ-centered organizations to meet the physical and spiritual needs of underserved people . . . in remote villages and towns, primarily in Asia, Central and South America and Africa.

MSI partners with pastors, churches, missionaries and health providers. We bring health care professionals, non-medical volunteers and medicines to set up clinics where we can deliver general medical care along with the Good News of the Great Physician, Jesus Christ. Our medical services and medicines are provided free of charge, without discrimination.

MSI is an all-volunteer organization and has no paid staff. Our financial support and the resources for our mission trips are supplied by donations from the general public.

Our Approach to Serving . . .

MSI educates our medical providers on the international diseases and illnesses specific to the region in which our clinic will be serving. We purchase the necessary medicines and transport the medical team and medicines to the clinic site. By providing housing, meals and in-country transportation, we enable our volunteer medical providers to focus completely on caring for patients. Clinics typically operate daily for one week in each geographic region--moving from village to village.

A typical international medical clinic includes:

- **Registration** – each patient receives a form for accurately recording needed medical information .
- **Triage** – identifies that medical needs, obtains height and weight and vitals signs, such as blood pressure and temperature.
- **Medical Providers** – patients have the opportunity to receive treatment from physicians, physician assistants, nurse practitioners, dentists, optometrists, and audiologists.
- **Pharmacy** – prescriptions are filled and medicines are handed out free of charge.

- **Prayer and Counseling** – an opportunity is provided for patients to hear about the Great Physician Jesus Christ.

A typical international mission trip includes support volunteers, medical professionals and students in the following categories:

- Doctors and Dentists
- Physician Assistants
- Nurse Practitioners
- Registered Nurses
- Pharmacists
- Paramedics and Emergency Medical Technicians
- Optometrists and Audiologists

Medical providers return from these international medical mission trips with a renewed compassion for their patients and with a deeper understanding of how to serve the immigrant families in their medical communities.

“This changed my life. I returned with an amazing new grasp of people around the world and their needs. It has expanded my love and passion to serve.” – Ruth TerMolen, Nurse volunteer

We invite your gifts and prayer support for our coming mission trips . . . or application to participate on our professional team.

New medical mission trips and the details are announced on our Web site at medicalservantsinternational.org. You can make a donation there. If you are interested in serving with us, you can download an application to participate.

“ . . . Jesus Christ as Lord, with ourselves as your servants for Jesus' sake.” —2 Corinthians 4:5
