

**...is paved with
opportunity,
preparation,
& character**

Mt. Calvary Christian Academy is a ministry of Mt. Calvary Free Will Baptist Church. MCCA was started in 1969 to assist families in the training of their children. Our purpose is to provide our students with a *Quality Education in a Distinctively Christian Environment.*

MCCA is a member of

Notice Of Nondiscriminatory Policy As To Students

MCCA admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

Our Commitment

Our foremost goal is to become the first choice of parents and students seeking an excellent, Christ-centered elementary and secondary education where the truth of the Bible is integrated into every aspect of school life. We aim to teach students to think, speak, write, and act in an outstanding Christian manner in preparation for life's challenges and to model Christ in their school, church, workplace, and community.

Please contact us for more information or to schedule a tour of the school.

Christian Academy***

Athletics

A complete sports program from sixth grade through high school offers students various opportunities in fall, winter and spring sports. The Warriors won state championships in baseball and softball in 2005 and basketball in 2006. We also offer Junior Pro sports for our elementary students.

Arts

Mt. Calvary offers art, speech, vocal and instrumental music opportunities for its students. Each year we participate in the NCCSA Fine Arts competition with other schools in the state. Private piano and voice lessons are also available.

opportunity

“But continue thou in the things which thou hast learned...” (II Timothy 3:14). Our prayer is that our students will continue in what they have learned as godly individuals who love Christ and desire His plan for their lives.

Academics

Academic excellence is a priority at MCCA. With qualified teachers and the time-tested *A Beka Book* Curriculum, students have ample opportunity to excel academically. MCCA also uses the *Bob Jones University Press*, *Saxon Math*, and *Positive Action for Christ* curriculums in the middle and high school. Our teachers work closely with students and parents to develop highly trained individuals who are academically and spiritually prepared to serve the Lord.

preparation

As a college preparatory institution, MCCA strives for excellence in all areas and at all levels of the educational process. A solid foundation is laid with our Kindergarten programs where students learn to read, write, and count. In our structured learning environment, elementary students are able to grasp the concepts they need before entering the upper level grades. Because of the quality education received through Mt. Calvary, our secondary students are known for their high test scores. Students consistently score above average on the ACT and SAT college entrance exams.

God has blessed MCCA with the  School Dynamics software to help us manage our student records. Through InfoDirect, parents are able to keep track of their child's homework, grades and discipline via the internet.

character

Spiritual and character training is a point of emphasis in every class at Mt. Calvary. With our godly staff and Christ-centered curriculum, every subject is filtered through the Word of God to provide a truly Christian education. It is our goal and desire that every student who walks across our graduation platform receive not only a diploma but also the character that will enable them to become productive citizens for the Lord, Jesus Christ.
