

Press Release

Craig Palubiak joins Nanjee Advisory Board

November 1, 2014

Craig Palubiak has joined the Advisory Board of Nanjee, Inc. Craig brings a breadth of experience in building start-up and stronger companies, identifying new markets, expansion through both organic and M&A growth, and facilitating ownership transitions

He has been Chairman of a Monsanto spinoff, repositioning the global manufacturer of engineered processing equipment resulting in its sale to management. As CEO/Owner, he orchestrated the reorganization and repositioning of a North American custom manufacturer that he sold to a competitor. Craig oversaw growth of Enterprise Rent-A-Car's first national division (commercial leasing) as VP of Sales & Marketing which grew from \$5 to a \$100 million.

Craig has a Bachelor's in Business from University of Missouri and an MBA from Northern Illinois University.

Nanee Inc's mission is to be the recognized leader of IP geolocation technology by broadly implementing its pioneering real-time, hyper local consumer-independent IP geolocation technology on a global basis.

History

Nanee Inc. is an internet based company founded in 2011 with offices in Chicago and London. The firm has developed a hyper local consumer-independent IP geolocation technology with a unique real time IP geolocation feature that is 50 times more accurate than any competitive approach. It is served through cloud based, low-cost, scalable API and File processing web services. The technology applications are unlimited.
