"In the wilderness prepare the way for the Lord; make straight in the desert a highway for our God." Isaiah 40:3

Creating church leaders is what NC is all about. One of the ways we do that is through our Week of Ministry, **April 5-12, 2014**. Campus will be closed and all faculty and students will participate in short-term ministry trips intended to test the theories of the classroom in real life ministry environments.

Students who join the **Utah Campus Ministry Team** will be guided by our NC Preaching Ministry professor. They will assist a campus ministry at the University of Utah, serve with a ministry to women and children escaping polygamy, serving the Christian church as needed, and dialoging with high-ranking members of the Mormon Church.
