- Additional experiences: wilderness hiking, observing wildlife, visit Mt. Rushmore.
- For more information: [rcmilliken@nechristian.edu](mailto:rcmilliken@nechristian.edu)

**"You have been my hope...my confidence since my youth." Ps. 71:5**

Creating church leaders is what NC is all about. One of the ways we do that is through our Week of Ministry, **April 24-May 2, 2015**. Campus will be closed and all faculty and students will participate in short-term ministry trips intended to test the theories of the classroom in real life ministry environments.

Students who join the **Montana Week of Ministry Team** will be guided by NC's professor of Humanities, who has many years of experience leading this trip. We need students with a servant's heart and a peacemaker's spirit to do hard physical labor to improve the ranch's facilities; to play with and encourage the youth; and to help lead two chapel services. The trip also provides opportunities for hiking, seeing wildlife, and experiencing the American West.
