Week-long field trips are a great benefit for all our full-time students. The class field trips are planned educational field experiences for the purpose of broadening a student's education and exposing them to information in a real-world environment. Education become authentic only after a student experiences it. A battle is better understood if a student’s feet are standing on it.

The faculty spend time planning the activities with specific educational goals in mind. We believe philosophically that education MUST take place outside of the classroom occasionally for it to be beneficial, real, and effective.

This year, our students will be taking the following field trips at the end of October. Please pray for their edification.

7th Grade- Charleston
8th-9th Grade- Washington, D.C.
10th-12th Grade- Boston, MA

Picture Captions (Top to Bottom):
1: James Bendowsky took the 9th & 10th graders to a variety of historical sites in Virginia last fall, including Colonial Williamsburg, Monticello, Yorktown, and Jamestown.

2: During last year’s Dominican Republic medical mission trip, students used their Spanish skills while providing basic medical care in several villages in the DR.

3: Field trips make the world come alive to students in a very real way. Nothing like being able to see, hear, taste, touch, and smell!

4: The 7th or 8th graders visit Charleston each year. Mr. Ramey gives the best tour of the USS Yorktown and related areas of anyone we know!

Topics for discussion will include: what prayer is all about; what God thinks and feels about his children; how to apply Biblical training to daily life; how the Ten Commandments should affect our lives; how to apply insights from the Westminster Confession of Faith; how to grow in communion with the Father, Son, and Holy Spirit; and how to know God’s will for my life. Thus far, the class has attracted participants who are very plain, slightly simple, growing in love, very merciful, and kind of funny!!! Come join us starting in August and see for yourself.

Living a Life Centered on the Love of Christ: A Study on the Lessons of Paul to the Ephesians
For the rest of the summer we will be going through the book of Ephesians. We’ll be learning about the Church in Ephesus and Paul's instructions to them. I want to show you a church that started off great with love for Christ and for the brethren but somehow lost it along the way. We are going to get centered back on Christ alone and the awesomeness of living in His grip!

**Cornerstone (6th-8th) (B204)**
Instructors: Dexter Williams, Mike Settle, & James Bendowsky
