Jon & Molly Stern (Paul & Eleanor Stern)

Ministry Focus: King's Kids Village is the orphanage which Paul & Eleanor Stern opened in 2002. They are trying to take in true orphans and keep siblings together, no matter their age or medical condition. We have four group homes, which allow 8-10 children to live in a "home" atmosphere with a set of "parents" in each home. Currently, we have 33 children, ages ranging from 1-17. 23 of these are in our in-house school, where we are using ACE curriculum, a strong Christian based curriculum that keys in on character training. Mom (Eleanor) Stern believes the Lord told her that we would raise future leaders for the nation – so watch out for our Kids!
