

# BAND OF BROTHERS

## **PURE DESIRE** **BY DR TED ROBERTS**

Pure Desire is devoted to healing for men who have become addicted to sexual behavior harmful to their social, family, and spiritual wellbeing. By supporting local churches, Pure Desire Ministries is setting men free so they can walk in the saving grace of the Lord.

When compared to alternatives, The Pure Desire process reveals three critical distinctions:

1. The Pure Desire process is both theologically and clinically sound.
2. The Pure Desire process addresses sexual addiction from a family systems perspective.
3. The Pure Desire process is designed to help develop healing communities among local churches.

Pure Desire - is a weekly confidential men's small group. It is a highly structured class utilizing God's Word, Pure Desire Ministry materials, and The Genesis Process tools to discover how we cope or process stress, anxiety, fear and pain in our lives. The commitment level for this class is a weekly meeting (excluding holidays) held on Monday nights from 7-8:45 PM for approximately one year.
